        Am   Am Em   Em
C.   Images scream out to all of the world
        F   F   C   C
        Satan's alive and his banner's unfurled
        Dm   Dm   C   C
        Attacking the innocent, building his empire
        Bm   Bm Am   Am G   Em
        Conveniently forgetting who is his sire

1.   Images scream out for retaliation
        Protect the innocent, protect the nation
        Do what it takes to send them to oblivion
        Making it safe for the next generation

2.   Images scream out upon the housetops
        Fulfilling prophecy showing the cops
        Helping the fireman, until strength is sapped
        Seeking to rescue someone who is trapped

3.   Images scream out, and we must remember
        The faith of our fathers, gaining strength from the embers
        Fighting for freedom, conquering our fear
        Surgical strikes, unaltered by tears

4.   Images scream out, we hear in the ear
        With moral certainty, the spirit is near
        Yet we must always be careful that we
        Don't cross the battlefield, joining the lie

5.   Images scream out, patriots shout
        Scared, spoiled college kids complain and pout
        Who will step forward, who will not lag
        To honor their heritage, to salute the flag
