Dear Friends and Family,

We had visitors again in 2016, including Grant & Ella for Spring Break, Rachel & Gwendolyn, 8 grandkids for Science Camp, Melanie's Family, Paul's Family, Rob, Randy & Kathryn Shirts, and others. We look forward to when you are able to visit us in Cedar. This year's card shows how our family is scattered.

It has been an interesting year. The lightning technology is getting better and better. However, both the oil & gas and mining industries have been in the ditch this year, and so there have not been as many sales as we expected. They will come. Andrea has quilted a lot (helping to finish Mom's quilts). We had a garden out at Grandma Nelson's, where Aunt Shirley and Uncle Willis live. Melanie visited for Science Camp and told me she has never seen people work so hard for their food. Hopefully you will all be prepared to do the same, if ever required to.

We love our callings as Family History Consultants, and enjoy working at the Family History Center on Tuesday afternoons. We were able to sit and stand together as we sang in "Messiah" this year. Master's Singers is fun for Roice. The practices, as well as the concerts. We have enjoyed field trips with The Southern Utah Rock Club. We visited Ethan and Ben in Ft. Collins, and have made several trips to northern Utah. All in all a good year.

We hope & pray you and yours are happy, and full of joy this Christmas Season.

With Love,

Roice & Andrea
