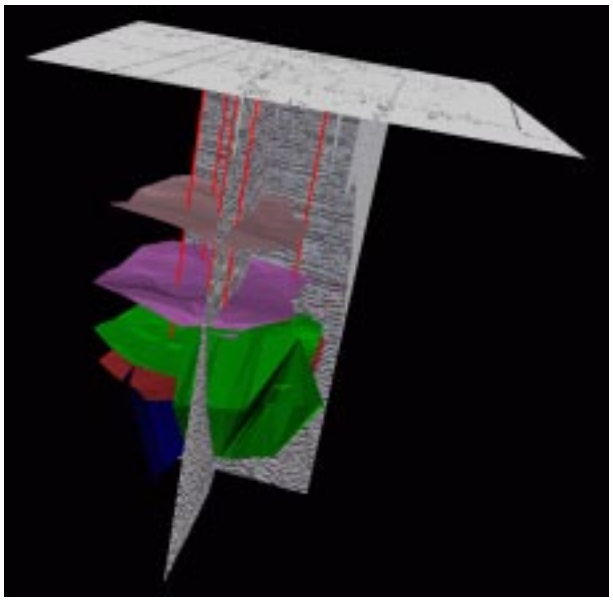
- **ROOF(sm)** [ROOM(sm) Open Office Facility]

"WVS technologies will help us 'build the onion,' accurately integrating reservoir data across time and disciplines."
Jeff Hume, The Energy Innovations Group

Walden Visualization Systems Corporation



"We facilitate real-time visualization of your prospects and reservoirs."
H. Roice Nelson, Jr., Founder

"ROOMS(sm) provides a master control center for monitoring 4-D seismic surveys and integrating the results with dynamic and potential field data."
Roger N. Anderson,
Lamont-Doherty Earth Observatory
